

8th Annual Scientific Meeting of the Cardiorenal Forum Final Programme

Clinical dilemmas in cardiorenal disease and co-morbidities

Friday 4th October 2013 9.30 am to 5.15 pm

Royal College of Obstetricians and Gynaecologists, 27 Sussex Place, Regent's Park,
London NW1 4RG

9.00 Registration and coffee/tea

9.30 - 10.40 Session 1. Diabetes, obesity and cardiorenal disease

Chairs: Richard Hatchett (Royal Marsden Hospital, London) and Alex Lyon (Imperial College London and Royal Brompton Hospital, London)

9.30 Introduction

9.35 Do new drugs for diabetes hold cardiovascular promise?

Ketan Dhatariya, Consultant in Diabetes, Endocrinology and General Medicine (Elsie Bertram Diabetes Centre, Norfolk & Norwich University Hospitals NHS Foundation Trust)

10.00 Getting to grips with obesity: focus on the cardiorenal patient

David Haslam, GP and Physician in Obesity Management (Luton & Dunstable Hospital, and Chair of the National Obesity Forum)

10.25 Interactive case: diabetes and cardiorenal disease

10.40 Coffee

11.10 - 12.45 Session 2. Advances in imaging and assessing cardiovascular risk

Chairs: Henry Krum (Monash University, Melbourne, Australia) and Phil Kalra (Salford Royal Hospital Trust & University of Manchester)

11.10 Heart failure in the elderly: what are the risks?

John Baxter, Consultant Physician (Sunderland Royal Hospital)

11.40 3-D echocardiography in patients with chronic kidney disease

Nik Abidin, Consultant Cardiologist (Salford Royal NHS Foundation Trust)

12.05 Serum free light chain analysis – and cardiovascular risk

Paul Cockwell, Consultant Nephrologist (Renal Institute of Birmingham, University Hospital and University of Birmingham)

12.30 Interactive case: heart failure and chronic kidney disease

12.45 – 13.45 Lunch

13.45 - 15.10 Session 3. What's hot in cardiorenal disease

Chairs: Peter Collins (National Heart and Lung Institute, and Royal Brompton Hospital, London) and David Lappin (National University of Ireland, Galway)

13.45 Clinical trials in renal medicine reviewed

David Goldsmith, Professor of Cardiorenal Medicine and Consultant Nephrologist (Guy's and St Thomas's NHS Foundation Hospital, London)

14.00 Clinical trials in cardiology reviewed

Andrew Clark, Chair in Clinical Cardiology (University of Hull)

14.20 Renal denervation - current use in hypertension and potential in heart failure

Hitesh Patel, Cardiology Research Fellow (Royal Brompton Hospital, London) and Alex Lyon, Senior Lecturer and Consultant Cardiologist (Imperial College London and Royal Brompton Hospital, London)

14.35 Novel therapeutic approaches in the management of cardiorenal syndrome

Henry Krum (Monash University, Melbourne, Australia)

15.10 Tea

15.30 Session 4. Clinical cases in cardiorenal disease

Chairs: Iain Squire (University Hospitals of Leicester & University of Leicester) and Paul Kalra (Portsmouth Hospitals NHS Trust)

15.30 Atrial fibrillation in patients with normal, moderate and severe renal dysfunction

Amitava Banerjee, Clinical Lecturer in Cardiovascular Medicine and Honorary Specialist Registrar (City Hospital, Birmingham)

16.00 Heart rate and cardiovascular risk: what's new?

Sandy Gupta, Consultant Cardiologist (Whipps Cross and St Bartholomew's Hospital, London)

16.20 Interactive case: calciphylaxis in chronic kidney disease

Smeeta Sinha, Consultant Nephrologist (Salford Royal NHS Foundation Trust)

16.35 – 17.15 Session 5 The debate: statistical design is the 'mother's ruin' of the randomised clinical trial

Chair: Andrew Clark (University of Hull)

For: Chris McIntyre (University of Nottingham)

Against: Martin Landray (Clinical Trial Service Unit, University of Oxford)

17.15 Meeting close

This meeting has been awarded 6 CPD credits by the Federation of the Royal Colleges of Physicians of the United Kingdom
CPD certificates can be collected at the end of the meeting
