

9th Annual Scientific Meeting of the Cardiorenal Forum

## Cardiorenal disease – glucose, gender, rhythm and risks

Friday 3rd October 2014 9.30 am to 5.15 pm  
Royal College of Obstetricians and Gynaecologists,  
27 Sussex Place, Regent's Park, London NW1 4RG

### Session 1 Diabetes and cardiorenal disease

**09.30 Diet and cardiometabolic risk: prevention in EPIC proportions**

Kay Tee Khaw, Professor of Clinical Gerontology (University of Cambridge)

**09.55 Future options for glycaemic management in type 2 diabetes**

Cliff Bailey, Professor of Clinical Science (Aston University, Birmingham)

**10.20 Are new diabetes and renal drugs really cost-effective?**

Phil McEwan, Director (Swansea Centre for Health Economics)

**10.45 Discussion: so now, how do we best prevent diabetic nephropathy?**

John Holian, Consultant Nephrologist (St Vincent's University Hospital, Dublin)

**11.00 Coffee**

### Session 2 Advances in diagnosis and assessing cardiovascular risk

**11.30 New approaches to assessing CV risk – JBS3 onwards**

John Deanfield, Consultant Cardiologist (University College Hospital, London)

**12.00 The future of hyperlipidaemia management**

Anthony Wierzbicki, Consultant in Metabolic Medicine (Guy's & St Thomas' Hospital, London)

**12.30 Sleep disordered breathing and cardiorenal disease**

Mike Polkey, Consultant Physician (Royal Brompton Hospital, London)

**12.55 Lunch**

**14.00 Hyperphosphataemia and CVD risk in CKD**

David Goldsmith, Consultant Nephrologist, Professor of Cardiorenal Medicine (Guy's and St Thomas' Hospital, London)

**14.25 Clinical trials in cardiology – reviewed**

Iain Squire, Professor of Cardiovascular Medicine (University of Leicester)

**14.45 Clinical trials in renal medicine – reviewed**

William Herrington, Nephrologist (Clinical Trial Service Unit and John Radcliffe Hospital, Oxford)

**15.05 Tea**

### Session 3 New considerations in cardiorenal risk

**15.30 Gender differences and cardiorenal disease**

Peter Collins, Professor of Cardiology (Imperial College, London)

**15.55 Future therapeutic strategies in CKD**

Professor Adalbert Schiller, Professor of Nephrology (Timisoara, Romania)

### Session 4 Interactive cases

**16.25 Atrial fibrillation: anticoagulant options**

Diana Gorog, Consultant Cardiologist (East & North Hertfordshire NHS Trust)

**Ultrafiltration for decompensated heart failure**

Daniel Sado, Cardiologist (University College Hospital, London)

**Management of heart failure in advanced CKD**

Andrew Clark, Professor of Cardiology (University of Hull)

**17.15 Close**

6 CPD credits approved by the Royal College of Physicians

Registration fee £75

£35 concessions (nurses and clinical trainees)
